INDEX TO VOL. XXXIX (B)

AUTHOR INDEX

Alikunhi, K. H. and Chaudhuri, H. — On the life-history and bionomics of the Carp Minnow, *Chela phulo* (Hamilton), 76.

Appanna, T. C. .. *See* Devadatta and Appanna.

Banerji, I. and Hakim, A. — A contribution to the life-history of *Artocarpus lakoocha* Roxb., 128.

Bhatnagar, V. B. .. *See* Choudhri and Bhatnagar.

Chacko, P. I. and Srinivasan, R. — Fish mortality in the rock pools of a quarry near Virudhunagar (Ramanathapuram District), Madras, 91.

Chaudhuri, H. .. *See* Alikunhi and Chaudhuri.

Choudhri, R. S. and Bhatnagar, V. B. — Effect of maleic hydrazide on growth, bolting behaviour and keeping quality of Indian radish (*Raphanus sativus* L.), 1.

Date, W. B. and Hansen, Elmer — Pectic changes in pears during storage and ripening, 171.

Devadatta, S. C. and Appanna, T. C. — Availability of calcium in some of the leafy vegetables, 236.

Ganguly, D. .. *See* Padmanabhan and Ganguly.

Hakim, A. .. *See* Banerji and Hakim.

Hansen, Elmer .. *See* Date and Hansen.

Jones, S. .. *See* Pantulu and Jones.

Jotwani, M. G. .. *See* Pradhan and Jotwani.

Kabi, T. .. *See* Samantarai and Kabi.

Mahabale, T. S. and Solanky, I. N. — Studies in the chenopodiaceæ, II (212).

Mathew, K. T. .. Studies on the black rot of coffee, I, II, 133, 179.

Mirashi, M. V. .. Contribution to our knowledge of the physiological anatomy of some Indian hydrophytes, I, 114.

Misra, J. N. and Ranganathan, V. — Digestion of cellulose by the mound building termite, *Termes* (*cyclotermes*) *obesus* (Rambur), 100.

Padmanabhan, S. Y. and ganguly, D.		Relation between the age of rice plant and its susceptibility to helminthosporium and blast diseases, 44.
Pantulu, V. R. and Jones, S.		On some metamorphosing stages of eels (Murænidæ) from the estuary of the Burhabulong river, Orissa State, 24.
Pradhan, S. and Jotwani, M. G.		Studies on some aspects of bioassay of stomach poisons, 37.
Ranganathan, V.	..	*See* Misra and Ranganathan.
Rao, C. Venkata	..	A contribution to the embryology of Bombacaceæ, 51.
Samantarai, B. and Kabi, T.		Rooting responses in isolated tropical leaves, 243.
Shamanna, S.	..	A contribution to the embryology of *olax wightiana* Wall., 249.
Solanky, I. N.	..	*See* Mahabale and Solanky.
Sreenivasan, A.	..	*See* Venkataraman and Sreenivasan.
Srinivasan, R.	..	*See* Chacko and Srinivasan.
Subrahmanyan, R.	..	A new member of the Euglenineæ, *Protoeuglena noctilucæ* gen. et. sp. nov., occurring in *Noctiluca miliaris* Suriray, causing green discoloration of the sea off Calicut, 118.
Venkataraman, R. and Sreenivasan, A.		Studies on the red halophilic bacteria from salted fish and salt, 17.
Wadhwani, T. K.	..	Effect of fluorine on the composition of bones: changes in the composition of bones of rats, I, 223.

TITLE INDEX

Artocarpus lakoocha Roxb., life-history, a contribution (Banerji and Hakim), 128.

Black rot of coffee, studies, I, II (Mathew), 133,179.

Bombacaceæ, embryology, a contribution (Rao), 51.

Bones, composition, effect of fluorine: changes in the composition of bones of rats, I (Wadhwani), 223.

Calcium in some of the leafy vegetables, availability (Devadatta and Appanna), 236.

Carp Minnow, *chela phulo* (Hamilton), on the life-history and bionomics (Alikunhi and Chaudhuri), 76.

Chenopodiaceæ, studies, II (Mahabale and Solanky), 212.

Eels (Murænidæ) from the estuary of the Burhabulong river, Orissa State, some metamorphosing stages (Pantulu and Jones), 24.

Fish mortality in the rock pools of a quarry near Virudhunagar (Ramanathapuram District), Madras (Chacko and Srinivasan), 91.

Hydrophytes, some Indian, physiological anatomy, contribution to our knowledge, I (Mirashi), 114.

Olax wightiana Wall., embryology, a contribution (Shamanna), 249.

Pears, pectic changes, during storage and ripening (Date and Hansen), 171.

Protoeuglena noctilucæ gen. et sp. nov., a new member of the Euglenineæ, occurring in *Noctiluca miliaris* Suriray, causing green discoloration of the sea off Calicut (Subrahmanyan), 118.

Radish, Indian (*Raphanus sativus* L.), growth, bolting behaviour and keeping quality, effect of maleic hydrazide (Choudhri and Bhatnagar), 1.

Red halophilic bacteria from salted fish and salt, studies (Venkataraman and Sreenivasan), 17.

Rice plant, relation between the age, and its susceptibility to helminthosporium and blast diseases (Padmanabhan and Ganguly), 44.

Rooting responses in isolated tropical leaves (Samantarai and Kabi), 243.

Stomach poisons, bioassay, some aspects, studies (Pradhan and Jotwani), 37.

Termite, mound building, Termes (Cyclotermes) *obesus* (Rambur) digestion of cellulose (Misra and Ranganathan), 100.
